PROFESSIONAL EXPERIENCE

R package developer

2019 -

- Creation and development of the new R package *ERPscope* allowing to easily visualize and analyze event-related potentials (a neuroimaging technique based on EEG). The code and the documentation are available on www.erpscope.org

Mobile application developer

2016 - 2022

[Child Phonology Lab & DIALSpeech](#)

- Design, full development, maintenance and management on the AppStore Connect of three iPad applications, based on Ionic, Angular, and HTML-CSS-Javascript technologies
 - ➔ Phophlo, SAILS et SAILS Flex available on iOS for iPad
- Development of the www.dialspeech.com website to present the applications and user guides
- Design of logos and visual identity for the apps and the website
- Creation of user interfaces compatible with clinical constraints and those of a school environment
- Supervision of a student for the development of an application based on Flutter technology

Research projects supervisor

2014 - 2021

[Université de Montréal & McGill University](#)

- Training and supervision of 22 undergraduate students and one graduate student in research projects in neuroscience, speech-language pathology and developmental psychology
- Supervision in the definition of their research project, compilation, cleaning and analysis of data, statistical models, preparation of scientific abstracts and posters, training in conference presentation, and supervision in the writing of a final report in the form of a scientific article
- Training in the use of online experimentation platforms, recruitment & management of participants in online scientific experiments and electroencephalography

Lecturer

2018

[School of Communication Sciences & Disorders - McGill University](#)

- Teaching the 'Research Methods and Measurement' seminar of the Master of Speech-Language Pathology program
- Created new course materials, organized practical activities and evaluations over 13 weeks
- Introduction to programming in R and the use of statistics in a clinical research context

EDUCATION

Ph.D. in Communication Sciences & Disorders

[McGill University, Canada](#)

2014 - 2022

Thesis in neurolinguistics
tinyurl.com/herbay-thesis

B.Sc. in Linguistics & Psychology

[Université de Montréal, Canada](#)

2010 - 2014

B.Sc. in Fundamental Computer Science

[Université Paul Sabatier, France](#)

2007 - 2011

SKILLS

Languages

French (native language)

English (professional)

Software development

HTML / CSS / JavaScript

Angular / Ionic / Flutter / Xcode

Unix, git & Github

Data science

R / Shiny R / Matlab / Python / Excel

Mixed linear regression models & bayesian approaches

Scientific research

EEG Experiment & analyses

Online experiments (Gorilla.sc)

Scientific communication

Professional

Excellent communication skills

Team player

Developed autonomy & self-training

I PROFESSIONAL EXPERIENCE (CONT.)

MITACS Intern

2015

[Computer Research Institute of Montreal \(CRIM\)](#)

- Complete development of an online application (using Angular) running on tablets and computers, and based on an online database (CouchDB, PouchDB & Express JS)

Research Assistant

2013-2014

[Laboratoire d'Acquisition et Traitement du Langage - Université de Montréal](#)
[iLanguage Lab](#)

- HTML programming for an online application project based on the MontageJS framework.
- Mentoring of a speech-language pathology student

Teaching Assistant

2011- 2014

[Linguistics & Translation Department - Université de Montréal](#)

- Weekly tutorials, preparation of methodological worksheets, exercises, exam topics & correction for 5 linguistics and translation courses: Computer Tools for Translators (2011 to 2012), Language and Technology (2011), Notions of Syntax (2012 to 2014), Syntax (2013) and Lexicology, Semantics and Morphology (2013)

I SCIENTIFIC RESEARCH

- Since 2014, I have conducted and participated in multiple research projects focusing on brain processing of language, language development in children and immunology. The complete list of the 5 articles published in scientific journals and 19 conference presentations resulting from these research projects is [available on my website](#).

I COMMUNITY SERVICE

Scientific Communicator

2017-2019

[Brain Reach & 24 hours of science](#)

- Organization of monthly presentations and interactive activities to introduce neuroscience to elementary and high school students.

Organizer of scientific journal clubs

2017-2018

[McGill University & Center for Research on Brain, Music and Language](#)

- Creation of the program, selection of the articles to be read and animation of the discussion for some sessions for the groups 'Artificial Intelligence & Cognitive Sciences' and 'Syntax: the experimental syntax'.

Student Representative

2016-2021

- Member of the Scientific Activity Committee of the Centre for Research on Brain, Music and Language (2016-2021)
- Departmental Representative to the Post Graduate Student Society of McGill University (2017-2019)

AEGEE-Toulouse Vice-President

2008-2010

[Association des Etats Généraux de l'Europe \(European Students' Forum\)](#)

- Responsible for the reception of foreign students at Paul Sabatier University
- Administrative assistance to newcomers and organization of social and cultural events

I AWARDS

Doctoral Research Fellowship - Ranked 1st

[Fond de Recherche du Québec](#)
[Société et culture](#)
2018-2022

Best Presentation Award

[VocUM International symposium](#)
2019

Editor's Award

- best published article in 2017
[Canadian Journal of Speech-Language](#)
[Pathology and Audiology](#)
2018

Graduate Student Excellence Award

[Center for Research on Brain, Music and](#)
[Language](#)
2018

Best Scientific Poster

[Symposium Plasticité, musique et](#)
[langage - 85ème congrès de l'ACFAS](#)
2017

Lucie Besner Fellowship for the Study of Human Communication Neuroscience

[School of Communication Sciences &](#)
[Disorders - McGill University](#)
2017

Bourse Accélération

[MITACS](#)
2015-2016

Departmental Nomination for the Governor General's Award

[Linguistics & Translation Department,](#)
[Université de Montréal](#)
2014

Dean's Award Recipient - twice

[Faculty of Arts and Sciences,](#)
[Université de Montréal](#)
2011 et 2012

I HOBBIES

Cooking / Climbing / Travel
